**AMENDMENT NUMBER 62
TO THE
OFFICIAL PLAN
OF THE
TOWNSHIP OF WEST LINCOLN**

PART 1 – THE PREAMBLE

1.1 TITLE

This Amendment when adopted by Council shall be known as Amendment Number 62 (Smithville Urban Area Expansion) to the Official Plan of the Township of West Lincoln.

1.2 COMPONENTS

This Amendment consists of Part 1 – The Preamble and Part 2 – The Amendment. The preamble does not constitute part of the actual amendment but is included as background information.

1.3 PURPOSE

The purpose of this Amendment is to revise specific policies and schedules of the Official Plan to:

- Update the population and employment growth forecasts and the greenfield density and intensification targets of the Official Plan consistent with those of the Niagara Region Official Plan, pursuant to the Growth Plan for the Greater Golden Horseshoe, to the 2051 planning horizon;
- Add land to the boundary of the Smithville Urban Area by implementing the settlement area boundary recommended through the Smithville Master Community Plan process and corresponding to the expanded settlement area boundary for Smithville delineated in the Niagara Region Official Plan;
- Designate the land to be added to the boundary of the Smithville Urban Area as “Future Greenfield Area” corresponding to the limits of the Designated Greenfield Area delineated in the Niagara Region Official Plan for the expanded Smithville Urban Area;
- Identify the land to be added to the boundary of the Smithville Urban Area as a Secondary Plan area being the Master Community Plan for Smithville; and,
- Establish interim policies for the Smithville Master Community Plan Secondary Plan area to reserve these areas for appropriate future urban land uses, public service facilities and infrastructure, transportation and natural heritage systems based on land use mapping and policies to be incorporated in the Official Plan through a future/separate Township-initiated Official Plan Amendment(s) to implement the Smithville Master Community Plan.

DRAFT

1.4 LOCATION

The Amendment applies primarily to land surrounding the existing community of Smithville in the Township of West Lincoln within the area generally bound by:

- Young Street in the north;
- South Grimsby Road 6 and the unopened road allowance between Lots 11 and 12 of Concessions 8 and 9 north of Highway 20 in the west;
- North Creek west of Port Davidson Road to the south of Townline Road in the south;
- The south limit of existing properties adjoining Smithville in the south including the south limit of 2453 Port Davidson Road continuing easterly to the west limit of 2432 Shurie Road and along the south limit of that property, across Shurie Road and continuing along the south limit of the property having no municipal address at Concession 6 Part Lot 30 and Part Lot 31 continuing northerly along the east boundary of that property to the south limit of 6114 Townline Road and easterly along the south boundary of that property and continuing north along the east boundary of that property to Highway 20;
- The east limit of 6063 Highway 20 and the east limit of the properties or part thereof located east of Smithville to the north of the unopened road allowance (Townline Road) north-east of Highway 20, north and south of the Canadian Pacific Railway, adjoining the east and west sides of the unopened road allowance between Lots 3 and 4, Concession 9, in the east.

The total land area within Master Community Plan Study Area is approximately 685 hectares, and the total land area to be added to the Smithville Urban Area boundary by this amendment is approximately 540 hectares.

Certain aspects of this amendment relate to matters of Township-wide significance and apply to the Township as a whole, such as the updated Township-wide population and employment growth forecasts to the year 2051; however, the majority of this future growth will be directed to the expanded Smithville Urban Area.

1.5 BASIS OF THE AMENDMENT

The basis of this amendment is the Planning Act which requires the Council of the Township of West Lincoln to, among other things:

- Revise its Official Plan to ensure that it conforms with provincial plans or does not conflict with them (Planning Act s. 26(1)(a)), including the Growth Plan for the Greater Golden Horseshoe (2019, amended in 2020) which establishes population and employment forecasts for the Region of Niagara to the year 2051 as well as intensification targets for delineated built-up areas and minimum density targets for designated greenfield areas;
- Amend its Official Plan to conform with the Niagara Region Official Plan (Planning Act s. 27(1)) which establishes a settlement area boundary and the geographic limits of the delineated built-up area and designated greenfield area for the Smithville Urban Area, the boundaries of rural settlement areas (hamlets) in the Township of West Lincoln, as well as population and employment growth forecasts and intensification and greenfield density targets to the year 2051 for the Township of West Lincoln.

DRAFT

The need to add land to the Smithville Urban Area and to a lesser extent to certain hamlets within the Township of West Lincoln has been established through a Municipal Comprehensive Review completed by Niagara Region leading to the creation of a new Niagara Region Official Plan providing a basis for planning to accommodate growth and for directing and managing land use changes and development in the Region to the year 2051.

A Master Community Plan for the land to be added to the Smithville Urban Area has been developed under the Planning Act and is integrated with related infrastructure planning in accordance with the requirements of the Municipal Engineers Association's Municipal Class Environmental Assessment (EA) for Water, Wastewater and Roads (as amended in 2015) Master Plan Approach #4. A Subwatershed Study has also been undertaken to address environmental and stormwater considerations associated with the Twenty Mile Creek watershed and support the Master Community Plan Study including the EA process.

It is realized that not every site will be able to individually achieve that target; however, the Township will closely monitor Greenfield developments to ensure that the Township will meet the overall Greenfield target measured across the Greenfield Area. Future Greenfield Areas are intended to be planned primarily for future residential neighbourhoods as complete communities with a range of housing, commercial and community facilities and services, parks and a linked natural heritage and open space system, to be developed on full municipal services and supported by a local, collector and arterial street network, including complete streets, providing for transportation options and the efficient movement of people and goods.
