About the Planning Application(s):

File Number and Name: Veljko Gavric – Site Alteration Permit No.: 2018-03

A complaint was received that soil was travelling through West Lincoln, including Caistor Center. The subject property is located at 8244 Silver Street in the Township of West Lincoln which has received between 50 and 60 loads of fill to date.

Veljko Gravric has now applied for a Site Alteration Permit for the importation of more than 1000m³ of fill. The proposal is to haul in another ±1000 loads to level the farm for improved farming purposes.

A soils report was provided which confirms that the soil is generally clean and of good quality. The soil analyst however, confirms that the soil is not topsoil. The Niagara Peninsula Conservation Authority (NPCA) has been involved and has issued a permit for areas adjacent to the Provincially Significant Wetland.
