About the Planning Application(s):

File Number and Name: Adam Knuth – Site Alteration Permit No.: 2018-02

The Township received a complaint that truckloads of fill were travelling southbound on Abingdon Road. The destination for the soil was 8951 Concession 2 Road. Concession Road 2 is being assessed by Public Works at present due to the significant number of trucks.

To date, over 1200 loads of fill have been imported to this site, which is proposed to be leveled on the farmland and planted in crops again in the future. Mr. Knuth has now applied for a Site Alteration Permit for the importation of more than 1000m³ of fill. Mr. Knuth is proposing is to haul in another ±1000 loads to level the farmland for improved farming purposes.

A soils report was received by Township staff which confirms that the soil is not topsoil, but a good quality subsoil, or at best, a mix of topsoil and subsoil.

You are invited to speak to this application, if you have an interest at the Planning/Building/Environmental Committee meeting on Monday August 13, 2018. You may also provide written comments to the Township by Wednesday August 8, 2018.
