### About the Planning Application(s):

**File Number and Name: Township of West Lincoln Sustainability Policies (1701-008-10 (#32))**

An amendment to the Township Official Plan is required to implement the draft policy found in the Sustainability report (PD-080-14) that was received by Township Council on July 21, 2014. The draft policies are general at this time and look at how to achieve a sustainable community that is all-encompassing and ultimately incorporates all aspects of a healthy community such as environmental management, employment, waste disposal, servicing, transportation, taxes, community services, social services, etc. This type of policy and/or action plan had originally been a requirement of Gas Tax funding. Staff understand that an Official Plan policy will satisfy the Gas Tax requirements. The proposed Draft Official Plan Amendment provides very general details regarding Sustainability Policies for the Township of West Lincoln. A public meeting will be held to provide an opportunity for Council and the public to comment on these policies. Both report PD-080-14 and the Draft OPA are available on the Township's website.
