REPORT CORPORATE SERVICES COMMITTEE

DATE: January 27, 2025

REPORT NO: T-01-2025

SUBJECT: 2025 Draft Operating and Capital Budget

CONTACT: Katelyn Repovs, CPA, CA, Director of Corporate Services and Chief Financial Officer

OVERVIEW:

- The Draft 2025 Operating Budget supports \$24 million in operating expenditures, funded through property taxes, user fees, grants and reserve transfers.
- The Draft 2025 Capital Budget includes 50 Capital & Special Projects at a total value of \$10.4 million, with the largest investment being in Transportation Infrastructure totaling \$6.8 million.
- The Draft 2025 Budget proposes a base tax levy of \$10,542,540, which represents a 7.58% increase over 2024, after factoring in 2025 assessment growth of 1.01%.
- With the inclusion of the hospital levy of \$206,900, which reflects a decrease of \$19,600 over 2024, **the total proposed levy, after assessment growth, represents a 7.21% increase over 2024**. The estimated increase in the West Lincoln portion of the tax bill, for an average residential home, is \$120.68.
- The total urban service area levy is proposed at \$199,440, an increase of \$13,120 over 2024. For an average residential home in the urban area of Smithville, this represents an estimated increase of \$4.23 from 2024.
- Every \$97,081 of additional expenditures or savings added to this draft budget equates to a 1% base tax levy adjustment, which translates to a \$16 adjustment in taxes to the average residential home.
- The final budget presentation and discussion will take place at the Corporate Services Committee meeting scheduled for Tuesday, February 18, 2025, with an additional date set for Wednesday, February 19, 2025, if required, with ratification at the Council meeting scheduled for Monday, February 24, 2025.

RECOMMENDATION:

1) That, Information Report T-01-2025, titled "2025 Draft Operating and Capital Budget" dated January 27, 2025, be received for information.

Respecting Our Roots, Realizing Our Future

ALIGNMENT TO STRATEGIC PLAN:

The 2025 Draft Budget supports the following Strategic Plan Themes:

- Build a safe, connected, caring and active community
- Champion strategic and responsible growth
- Enrich our strong agricultural legacy
- Advance organizational capacity and effectiveness

BACKGROUND:

The purpose of this report is to give Council an opportunity to review and discuss the draft budget prior to the final budget meeting. Approval of the 2025 Operating and Capital Budget is scheduled to take place on Monday, February 18, 2025. If necessary, Tuesday, February 19, 2025 has also been set aside as a budget meeting.

Council is asked to approve an Operating and Capital budget each year, which is developed and presented by Administration. The 2025 budget includes approximately \$24 million of operating expenditures and approximately \$10.4 million in Capital and Special Project expenditures. These expenditure items are mainly funded through user fees, grants, reserve transfers and the tax levy. One of the key outcomes of the budget process is the establishment of the required tax levy and ultimately the tax rate, which will be levied on properties in West Lincoln. Property owners in West Lincoln receive a tax bill from the Township that includes taxes levied by the Township, Niagara Region and Province of Ontario (for Education).

Every \$97,091 increase or decrease in the tax-funded budget equates to a 1% general tax levy adjustment, which translates to an approximate \$16 adjustment in taxes paid on an average residential home assessed at \$390,400. The increase in the amount needed from the tax base does not directly relate to an increase in taxes on a residential home, but rather it is the increase in the overall tax levy required year over year.

This information is provided to assist Council in understanding the estimated effects of the draft budget as presented and alternatively how adjustments to the amount needed from the tax levy impacts the average residence. The average value of \$390,400 is based on MPAC (Municipal Property Assessment Corporation) data and is reflective of 2016 market values. At the time of writing this report, there has been no announcement from the Minister of Finance as to when a new assessment date may be introduced.

To foster public engagement in the budget process, a Budget Survey was launched in the fall of 2024 to gather community input, with the detailed findings found in **Schedule G** to this report. We received 126 responses to the Budget Survey; those that responded to the survey have provided observations on various services provided by the Township. 65% of the respondents rated the overall value they are receiving from their tax dollars as fair or better.

CURRENT SITUATION:

OPERATING BUDGET

The operating budget provides funding for the Township's day-to-day costs of delivering services. In addition, the operating levy provides funding for Capital and Special Projects through reserve transfers and debt repayment. The 2025 draft base budget requires an overall tax levy of \$10,542,540, which represents a 7.58% (or \$833,430) levy increase over 2024, after factoring in assessment growth.

Assessment growth represents new assessment that is brought on the tax roll from new builds, improvements or additions. Assessment growth results in a portion of the tax levy increase not impacting the actual taxes paid by property owners. For the 2025 budget, assessment growth is valued at \$97,772 (1.01%), which is a result of 2025 increases in the industrial and commercial assessment bases compared to 2024. This means that of the \$833,430 increase in the required tax levy, the first \$97,772 of that increase does not increase the taxes paid by property owners.

The 2025 Draft Budget Presentation, attached as **Schedule H**, outlines the major pressures contributing to the 2025 levy increase, along with the significant mitigating factors that reduce the impact of the pressures.

Further information regarding the 2025 Operating Budget can be found in **Schedule A**, which provides a summary of net expenditures broken down by each department for the current and previous budget years. **Schedule B** provides a more detailed breakdown of expenses and revenues, organized by department, comparing the current and previous budget years.

2025 HOSPITAL LEVY

As part of the 2021 Budget, a new hospital levy was introduced, with proposed yearly increases to the levy also shared with Council. This hospital levy is part of the financing plan related to the required local contribution to the \$200 million build. The West Lincoln contribution is \$4,524,850, to be paid for by reserves and debenture funding. The hospital levy ensures that funds are available to pay back the debenture.

To date, \$226,500 had been included in the hospital levy. The debenture proceeds of \$2,670,950 were received in July 2024, which provided Administration with the actual debenture repayment schedule over a 20-year term. Now that the annual repayment amounts are solidified, Administration has determined that a balance of \$206,900 is required in the hospital levy. This supports a decrease in the hospital levy requirement of \$19,600 from 2024, which translates to a \$3.70 decrease for an average residential home.

URBAN SERVICE AREA LEVY

The 2025 Draft Budget includes an Urban Service Area levy of \$199,440, an increase of \$13,120 over 2024. The Urban Service Area levy is a special levy collected in the Urban

Service Area of Smithville and funds the cost of streetlights and sidewalks (including sidewalk snow removal) within this designated area. The average homeowner will pay \$76.83 in 2025, an increase of \$4.23 from 2024.

WATER AND WASTEWATER (SANITARY SEWER)

The Township's Water and Wastewater expenditures are funded 100% through user fees. The expenditure budget for these two service areas in 2025 is \$2,354,480 for Water and \$2,631,040 for Wastewater for a total of \$4,985,520 being funded through Water and Wastewater fees. The expenditures include transfers totalling \$386,580 to the Water and Wastewater reserves in order to ensure adequate funding for infrastructure repairs and replacements.

The 2025 budget includes a 5.85% increase to the water consumptive rate, a 6.09% increase to the wastewater consumptive rate, and 6.0% increase to the fixed water and wastewater base rates, all effective July 1, 2025. This represents a blended 5.99% increase over the previous year's rates.

In previous years, Administration has proposed fee increases based solely on the Water and Wastewater Rate Study and Financial Plan presented and approved by Council through staff report T-25-2020. However, this 2020 Rate Study forecasted certain levels of expenditure increases from the Niagara Region that are now being surpassed. It is important to note that the Niagara Region approved a 2025 water budget increase of 7.06% over 2024 and a 2025 wastewater budget increase of 15.01% over 2024. The Niagara Region is responsible for the treatment and supply of water and the treatment of wastewater flows for the Township. Region charges make up the majority of the costs in the Township's water and wastewater budgets. Township Administration made concerted effort to keep the 2025 water and wastewater increases below the approved Region increases.

As the rate changes would be effective July 1, 2025, the impact would be on the September 2025 and December 2025 billings. The water consumptive rate would increase to \$1.81 from \$1.71 (per cubic meter) and the fixed quarterly rate for a $\frac{3}{4}$ " service would increase to \$50.87 from \$47.99. The Bulk Water per cubic meter rate change will be \$2.46 from \$2.32. The wastewater consumptive rate would increase to \$2.09 from \$1.97 (per cubic meter) and the fixed quarterly rate for a $\frac{3}{4}$ " service would increase to \$117.26 from \$110.62.

2025 CAPITAL BUDGET

The 2025 proposed projects total \$10,439,650. Funding of the 2025 projects requires a 5.02% increase to the levy, which equates to \$487,330 in additional revenue. **Schedule C** to this report provides a summary of each project, along with its funding source, and **Schedule D** provides a detailed description of each 2025 project. Furthermore, the 2025 Draft Budget Presentation, attached as **Schedule H**, shows the 2025 projects allocated into one of four categories: Rehabilitation/Renewal, Compliance, Growth, or Service

Improvement. Based on project values, 85% of projects fall in the Rehabilitation/Renewal category, 5% in Compliance, 7% in Growth and 3% in Service Improvement. This categorization provides further information to Council to support decision-making.

The Ten Year Capital Plan proposes a total investment of \$160,850,100 over the years 2025 to 2034. Further details regarding these projects listed by department can be found in **Schedule F** and the project funding sources can be found in **Schedule E**.

FINANCIAL IMPLICATIONS:

As noted above, Administration is proposing a 2025 general tax levy of \$10,542,540, a 2025 hospital tax levy of \$206,900, and a 2025 urban service area levy of \$199,440. These proposed levy requirements represent the revenue that the Township needs to collect from taxpayers in order to fund services and infrastructure needs, such as road maintenance, emergency services, parks and libraries.

From a taxpayer perspective, the estimated impact to the total local portion of the tax bill, based on an average assessment of \$390,400, is as follows:

	2024 Total Taxes	2025 Total Taxes (Proposed)	\$ Change	% Change
Assessment	\$390,400	\$390,400	\$0	0.00%
Municipal Hospital	\$1,657.99 \$38.68	\$1,782.37 \$34.98	\$124.38 -\$3.70	7.50% -9.57%
TOTAL	\$1,696.67	\$1,817.35	\$120.68	7.11%
Urban Service Area	\$72.60	\$76.83	\$4.23	5.83%
TOTAL WITH URBAN SERVICE AREA	\$1,769.27	\$1,894.18	\$124.91	7.06%

The Township portion of the tax bill will see a monthly increase of \$10.06 on the average single detached home in the rural area and a monthly increase of \$10.41 on the average single detached home in the urban area of Smithville.

INTER-DEPARTMENTAL COMMENTS:

Department Heads worked with their staff to send in initial budget plans, which are then reviewed and discussed with the Treasurer and CAO, resulting in the final draft document as presented to Council. The Library Board approves the budget submitted for the Library.

CONCLUSION:

The 2025 Draft Operating and Capital Budget presented to Council is a collaboration

Respecting Our Roots, Realizing Our Future

between all Township departments. This has been a challenging budget as Administration continues the attempt to balance the pressure of rising costs and the need to address the infrastructure funding gap, while managing the impact of levy increases to the property tax bill. This is an information report as the request for Final Budget approval will take place at the Corporate Services Committee meeting on February 18, 2025.

Description	New Wellandport Park, with a recreational focu	is "play in nature" then	ne.					
Justification	The 2025 funding is to complete the detailed design for the open space parkland between the existing Wellandport Community Centre/Library facility and the Welland River. The redevelopment of this riverfront open space includes the following components: 1) Disc Golf; 2) Children's Play Area and Shade Structure; 3) Pickleball Courts; 4) Boat Launch with additional parking to accommodate vehicles with trailers; 5) Concrete Pad and Structure for canoe/kayak rentals and storage; 6) Fishing Platforms; 7) Habitat Creation to provide more recreational and community benefits; 8) Riparian and Shoreline Restoration; 9) Picnic Area; 10) Dock for canoe/kayak access; 11) Improved parking lot design for Community Centre; and 12) Driveway/Laneway improvements and access control features. Changing the setting of this wide open space will be a great way for children and adults alike to enjoy unstructured play, with the ultimate goal of empowering people of all ages to "Play in Nature". Construction funding is allocated in 2030; However, administration is currently seeking funding opportunities to move the timing of construction forward for this project.

1	I don't receive any of the services where we live yet I have significantly high property tax.	1/10/2025 3:56 PM
2	have only been a resident for 1 year. My only complaint is the flies and smell of manure. You need to do something about this.	1/10/2025 1:48 PM
3	Council is biased	1/10/2025 1:01 PM
4	Every year taxes keep going up	1/9/2025 4:28 PM
5	No concerns except the taxes we pay are very high	1/9/2025 1:33 PM
6	The Township does a good job with the funds available.	1/9/2025 11:18 AM
7	Most Services have been satisfactory, however the condition of our road is horrendous, and has cost us thousands in car repairs. The road should be paved, and STOP wasting time and tax payers money on stone and grading that doesn't last more that 3 days.	1/9/2025 9:10 AM
8	I have no public transit, no professional fire department, no indoor swimming pool, no friendly outdoor spaces, no outdoor tennis or pickleball courts As a condo corp. we own our own street, lights, sewers, and receive no snow removal. But we get no break in our taxes.	1/9/2025 8:44 AM
9	Goods and services don't match what we're paying.	1/8/2025 10:02 PM
10	Taxes are far too high for value recieved.	1/8/2025 6:05 PM
11	Feels like even though we have a community centre not a lot is offered for recreation or cancelled due to lack of involvement or awareness. If I want to participate in an exercise class I find myself driving to peach king centre	1/8/2025 4:43 PM
12	The only service I received was road clearing and garbage/recycling (which is regional, to town based).	1/8/2025 3:47 PM
13	In some ways I see the township making wise choices with the money like the roads, sidewalk, and watermain work done in the Killins area and the walkway by Ellis to Canborough, but in other ways, I see maintenance not being done well or properly when it comes to the gardens on the road boulevards and at parks. I would also like to see more funds, time, and energy focusing on repairs to roads and walkways and less on bureaucracy and by-laws	1/8/2025 2:49 PM
14	It is high compared to friends taxes in other areas who get more for their tax dollars.	1/8/2025 1:45 PM
15	We still live on a dirt road, no car wash in town, no transportation for seniors just in our town, internet/cell service is terrible in Niagara region.	1/8/2025 11:04 AM
16	We are in need of sewer and waterlines so that more houses can be built. Also affordable housing is desperately needed in this community.	1/7/2025 6:40 PM
17	I am rural and have to have water shipped in, roads not always plowed timely in winter.	1/7/2025 6:14 PM
18	We have very high property taxes and poorly plowed streets, very few amenities like tennis courts, the sign in town that identifies our municipality is spelled with a lower case S, the town does not draw businesses that add to the local culture or community.	1/7/2025 9:54 AM
19	I've lived on a gravel road for 29 years	1/6/2025 8:04 PM
20	West Lincoln is well taken care of, with a great community center.	1/6/2025 8:02 PM
21	I do not use any municipal services other than police. I am not on sewer or town services for water. I truck my water. I am on septic and for garbage removal I take care of it with sea service provider	1/6/2025 6:02 PM
22	Town does a great job on snow removal and fire protection services	1/6/2025 6:01 PM

23	Owning a farm and reviving the farm tax credit makes a huge impact on our property taxes. If it weren't for this, I suspect our taxes would be significantly higher than necessary given what our neighbours pay for a 1/2 acre plot of land with a single family home.	1/6/2025 4:31 PM
24	There is usually a timely response to the needs in my subdivision, for example-snow clearing. I have had a couple of occasions needing to contact the Public Works Department and have not received a timely response or a response at all.	1/2/2025 8:41 AM
25	I own a country property. Although the township employees do a great job, the taxes have been going up staeadily with large increases and the value is no longer there.	1/1/2025 3:36 PM
26	I live in rural West Lincoln. It appears that urban services are prioritized in recent years and rural services are reduced or cut to help in balancing the budget. My area was promised road improvements several decades ago and still have not become any closer to reality. Rural infrastructure improvements have been scaled back and/or cancelled in recent years in order to complete major expenditures in the urban area that seem to get priority.	12/26/2024 9:42 AM
27	I think some of the money could be used in a better way	12/26/2024 12:03 AM
28	Rural road maintenance and winter cleaning.	12/25/2024 12:51 PM
29	We get lack of services for tax rates paid. Bi-monthly garbage pickup. Dirt roads, no water, sewer. What value am I getting? Nothing worth the cost. Neighbours who do not pay their fair share because their homes are still assessed at 1930 value yet have reno's without permits.	12/22/2024 1:41 PM
30	I feel basics seem covered with room for improvements	12/21/2024 2:09 PM
31	Always room to improve.	12/21/2024 10:28 AM
32	More sidewalks	12/21/2024 9:55 AM
33	I live in a condo community where the roads, sidewalks, lighting are privately owned. We pay for our own snow removal & road repairs. I believe we do not receive property tax discounts for this.	12/21/2024 8:17 AM
34	Our lane-way used to get plowed in the winter and graded in the summer, last couple years it has not.	12/17/2024 11:10 PM
35	Snowclearing roads and sidewalks. Use of the community centre. Canada Day celebrations.	12/17/2024 10:33 PM
36	Living in the country, it does not seem like we get many services. Besides snow removal and road maintenance, the municipal services are limited. Recreation services are centred in Smithville, so it is harder to access because of the distance. I do love and appreciate our local library branches and everything they do.	12/17/2024 10:06 PM
37	Our streets are kept clean, parks are kept neat, employees look like they are acutally working when out and about. good response when a letter of concern has been submitted.	12/17/2024 5:16 PM
38	considering how little the Township actually retains it does a good job	12/17/2024 9:46 AM
39	Very pleased with the services received for the taxes I currently receive.	12/16/2024 11:26 AM
40	We live in the hamlet of Boyle and feel like we receive very little service here.	12/16/2024 5:27 AM
41	Too much money for the services received	12/14/2024 7:04 PM
42	Since 2012 I've seen numerous new subdivisions which burden the existing infrastructure. The developers need to be charged higher fees for the additional pressure on existing infrastructure.	12/14/2024 2:02 PM
43	Times are tough right now.	12/14/2024 9:00 AM
44	We see very little publicized about where our taxes go, except for street lights and roundabouts and other unnecessary things when the money could be used better, such as damaged roads.	12/13/2024 8:58 PM
45	Taxes are too high do not want a increase	12/13/2024 8:53 PM
46	love where we live and the support we receive	12/13/2024 4:21 PM
47	I have no complaints about services. I am curious about staff salaries.	12/13/2024 11:26 AM

Q12 Keeping in mind the Township is not responsible for waste collection, recycling, transit, police, ambulance, schools, health care or social housing, do you have any additional comments you would like to be considered in preparation of West Lincoln's 2025 budget?

Answered: 36 Skipped: 90

щ	DECDONCES	DATE
#	RESPONSES	DATE
1	The budget is the most important decision Council makes on an annual basis. I hope the Councillors take time to review and ask questions and be willing to make difficult decisions. Thank you for the opportunity to provide comments. Please spend our money wisely.	1/9/2025 11:18 AM
2	If the municipality is not responsible for all those things, then what are they going to? \$5000 per year is crazy for property taxes! It would be awesome to have them go down. Stretch the budget and penny pinch things to have the funds go further rather than constantly raising by significant percentages.	1/8/2025 10:02 PM
3	Please consider expanding the arena and building an indoor pool	1/8/2025 4:43 PM
4	I feel we could be doing more for local residents and stopping region from taking so much \$ from our township. Roads, transportation, senior living options etc	1/8/2025 11:04 AM
5	Affordable housing Application costs for developing.	1/7/2025 6:40 PM
6	Recreation programs are important. Also, investment and zoning for a multi business plaza with an affordable grocery store would be great.	1/7/2025 1:27 PM
7	The baseball diamond by the community centre needs work and to be fixed.	1/6/2025 9:04 PM
8	Pave our roads and maintain our roads!! Our roads are disgusting.	1/6/2025 8:04 PM
9	Give yourselves a pay cut and the employees who actually work more money. Don't spend thousands of dollars on a party tent cause "it's in the budget". Give your employees a bonus	1/6/2025 7:34 PM
10	Reduce staffing at office. You are bloated. There is no reason why a small township requires the number of administrative personnel who are not in the office.	1/6/2025 6:02 PM
11	Lower taxes. Since we moved in taxes have been going up every year	1/6/2025 6:01 PM
12	Continuous increases to our taxes year after year is unacceptable. Balancing the budget doesn't mean much if all that is being done to achieve this is increasing the limit to which money can be spent. It's time to trim "the fat" and get back to the basics.	1/6/2025 4:31 PM
13	Do not enhance NRT service within West Lincoln. It is a very costly venture already, which I would prefer the township not be a part of at all, but I also do understand some people do need it.	1/1/2025 3:36 PM
14	I feel that the creation of additional senior staff positions in excess of 300,000/year prior to the actual discussion of the complete 2025 budget was inappropriate. West Lincoln has very little assesment growth for 2025 and this extra annual expense is going to increase taxes substantially when combined with other increases in operational costs. Residents were already told in 2024 that the 2025 budget process would be difficult. Staffing increases of this magnitude are not appropriate at this time. It was also unacceptable to quietly have these staff positions pre-approved and hiring move forward prior to discussion on the complete budget. I appreciate that we have a new CAO with new ideas, but Council and the CAO must not lose site of the increasing annual costs to operate the municipality with only negligible increases in assessment.	12/26/2024 9:42 AM
15	I would like the the Township to seriously consider the negative impacts building more houses in our community brings including but not limited to: more traffic, more bad drivers, rise of theft including cars, abuse of wonderful services provided by the Township, longer wait times for services, bigger classroom sizes. Yes we would like to welcome more people to West Lincoln,	12/25/2024 6:26 PM

 $Page_{\substack{170 \\ 28/29}} f 218$

Township of West Lincoln 2025 Budget Survey

however we can see the effects of building too much too quickly in the GTA and should do all we can to avoid such poor planning. People who live in West Lincoln understand that there aren't a lot of amenities because we live in a small community so we will have to drive to them. We enjoy the small towns, how safe they are, how clean and well maintained they are. We want to keep that. We do not need to expand into huge cities like Hamilton, Mississauga, Toronto, etc

16	What value do I get for my taxes then? West Lincoln provides next to nothing then. Pave my road.	12/22/2024 1:41 PM
17	Nothing comes to mind	12/21/2024 2:09 PM
18	Bike/walking trails	12/21/2024 10:28 AM
19	Just more of a focus on the soccer facilities to accommodate the growing interest and need.	12/17/2024 11:10 PM
20	None	12/17/2024 10:33 PM
21	Our library branches provide equitable access to knowledge and resources that should be accessible by everyone. The many workshops and programs our libraries provide for free should be expanded. They are the heartbeat of our community.	12/17/2024 10:06 PM
22	This Township has been spending a lot of money on roads, I think our roads are fine. I would like to see Caistor have more recreation. Also, need to pressure Region to have police patrol our roads more.	12/17/2024 6:18 PM
23	a dog park would be nice, perhaps random adult supervision at the skate board area to control and diminish bad lanuguage and the leaving of garbage, (water bottles, etc)	12/17/2024 5:16 PM
24	Focus on modernizing and being efficient- use our tax dollars wisely. Stop the fixation on roads, there is more than that to our Township	12/17/2024 9:46 AM
25	Build a designated Senior Citizen Centre, much like in Grimsby, Winona and Stoney Creek. Thus creating more opportunities for Seniors to socialize and share common interests. Need more than just the Smithville Legion and programs at the WLCC.	12/16/2024 11:26 AM
26	Maintain funding for recreation and libraries as these are the only community building activities available for families. Too far for us to attend but necessary for any healthy community	12/16/2024 5:27 AM
27	Each town within Niagara region needs a stronger voice on regional council. The regional tax increases over the last 10 years is absolutely unacceptable.	12/14/2024 2:02 PM
28	More police services are needed here.	12/14/2024 9:00 AM
29	A deep dive into services and identify where more efficiencies, use of time and resources could lead to a reduction in cost. Increasing our industrial and commercial tax revenue and allowing the development of residential areas to move forward should be a top priority. I feel property standards needs to be on top of the radar. I am noticed a lack of standard on many rural properties.	12/14/2024 8:12 AM
30	Moderate tax increases are not a huge problem. However, increases of nearly 1000 dollars in a year is frankly ridiculous for how little we see from it	12/13/2024 8:58 PM
31	Please be responsible with tax dollars	12/13/2024 8:53 PM
32	Salary increases need to slow down from what I have seen in the news. People in our community are struggling to make ends meet. Leaders should not be taking more from them for themselves	12/13/2024 11:26 AM
33	Please keep your roll in the community simple.	12/13/2024 10:19 AM
34	No	12/13/2024 8:08 AM
35	Stop wasteful spending on rural luxury roads with a dozen or less homes jacking up taxes and pushing seniors out of the community.	12/12/2024 6:08 PM
36	make it an affordable community. we live here because we prefer to be rural and typically are self-sufficient people. Any increase should be focused on those in the urban boundry where individuals are focused on infrastructure services.	12/12/2024 1:12 PM

2025 Levy Impacts

Long Term Capital and Reserves Forecast

Budget Principles

.

.

• • • •

. .

• • • • • • Reserve contributions and withdrawals align with the Township Reserve Policy

T-01-2025 SCHEDULE H

- Infrastructure Funding Gap is being addressed
- Prepared with consideration to the Township's financial needs from 2025 to 2034
- Budget must be balanced (revenues = expenditures)
- Alignment to Township's Corporate Strategic Plan
- Concerted effort to keep operating budgets below or aligned with 2024 average inflation rate of 2.4%

Our Corporate Strategic Plan Themes

1. Build a safe, connected, caring and active community

2. Champion strategic and responsible growth

3. Enrich our strong agricultural legacy

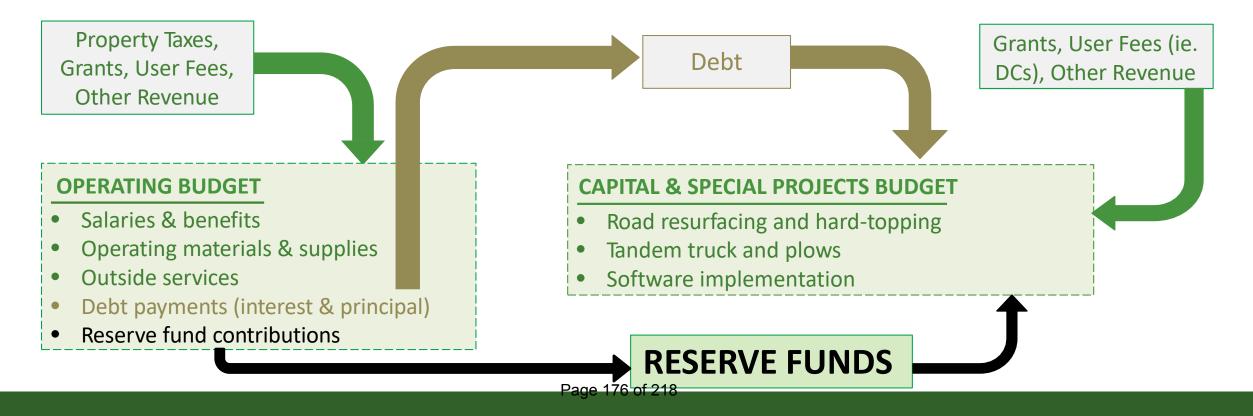

4. Foundational: Advance organizational capacity and effectiveness

How Do The Operating and Capital Budgets Work Together?

. .

. .

• Two budgets prepared by Administration: Operating and Capital & Special Projects

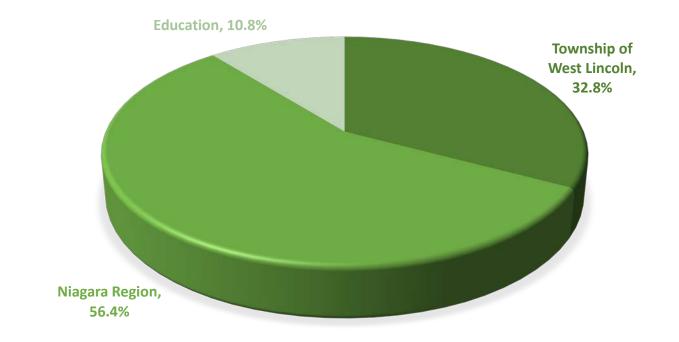

Rate-Supported Service Areas

• •

- The following service areas are self-funded, where revenues must cover expenditures:
 - Building, Water and Wastewater (sewer)
- Any surplus or deficit is either transferred to or from the appropriate reserves
- Equipment Costs are allocated to Road Maintenance, Winter Control, Arena, Water, Sewers, Recreation and Urban Sidewalks
- An allocation of overhead costs from Corporate Services and Transportation Services are charged to the rate-supported budgets

• The below chart represents the estimated breakdown of the 2025 property tax bill, by taxing authority:

Budget 2025 – Key Factors

.

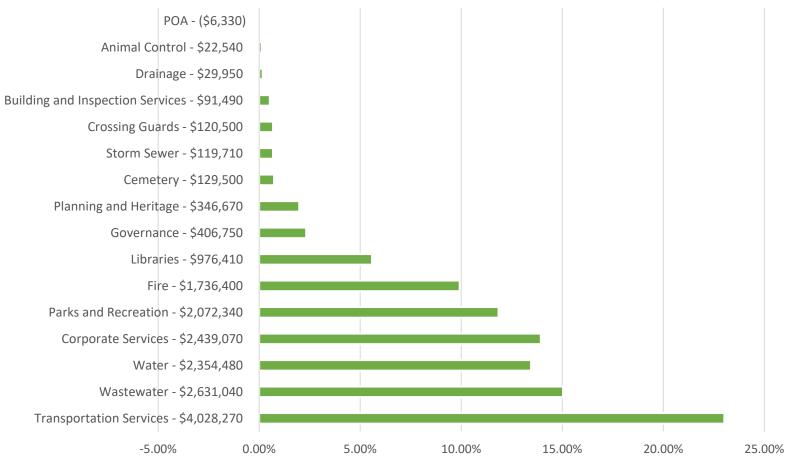

• •

- Due to assessment growth of 1.01%, the first \$97,772 of increase to the overall tax levy has no impact to property owners
- An expenditure increase/decrease of \$97,091 equates to a 1% change in the tax levy
- A 1% change to the tax levy equates to an approximate \$16 change to the West Lincoln portion of taxes for an average residential home, with an assessment of \$390,400
- The Province continues to defer when a new assessment date will be introduced. This results in no assessment changes for the majority of property owners. Valuations are based on the assessment date of January 1, 2016
